

## **GAZEBO, MARQUEE AND SHADE STRUCTURE POLICY.**

The Ballarat Athletic Club is committed to ensuring that all and any structures brought onto the event site and erected by competitors and spectators are safely secured.

Structures include but are not limited to gazebo's, marquee's and all and any other temporary shade structure.

- All structures must be erected with the back legs against the perimeter fence.
- All the structure legs must then be tied to the top and bottom rail of the fence.
- The front legs can then be pegged and roped with pegs no longer than 300 mm.

The Ballarat Athletic Club reserves the right to have all and any shade structures packed away if these guidelines are not met, or if wind or other inclement weather conditions become or are expected to become excessively strong.

*Please note: Official VAL and LA Marquees are not required to be attached to the external fence as per the above policy, as these are secured and weighted according to separate standards and guidelines.*
